Dear (10)(2e)

With many apologies for the delay in coming back to you due to preparations for the UNGA ACT A event today.

The reason for the requested call with CEPI is to discuss possible collaboration with the Dutch government on a candidate COVID-19 vaccine by a Multi-National Corporation that would be manufactured in the Netherlands. The information is commercially confidential so I am only able to provide a high level overview below, but we are happy to provide more details in confidence during a call.
There is an opportunity to negotiate with the company that doses of the vaccine could be secured for both the COVAX Facility and the EU Pooled mechanism (we are also discussing this with the EC) so there are also direct benefits to the Dutch population.

I hope that you and relevant colleagues may be available for a call this week or early next week with myself and CEPI (10)(2e) (10)(2e) , to explore possible collaboration.

Kind regards,
(10)(2e)

Dear (10)(2e) colleagues,

I hope you're well since we last spoke before the summer.

I wanted to put you in touch with (10)(2e) who's working on an agreement with the private sector for COVID-19 vaccine production in the Netherlands, and wanted to explore your potential interest in the transaction.

All the best,

Dear (10)(2e)

Many thanks for this message. Please note that our collegues (10)(2e), (10)(2e) and (10)(2e) are involved in this initiative. They can elaborate further on the current Dutch efforts.

Many thanks.

Dear (10)(2e)

I hope to find you well.

I understand that you are working on the specific aspects Inclusive Vaccine Initiative that your minister of Health, Welfare and Sport Hugo de Jonge recently announced in cooperation with France, Germany and Italy.

Mrs. Gates had the opportunity to catch up on the phone with PM Rutte on 26 April, where he mentioned that work which was underway at that stage to launch the Alliance.

As the foundation is closely involved in the global efforts to deliver medical countermeasures to fight COVID-19, and in particular to deliver a vaccines, I'd very much appreciate to have a quick call with you this week to hear more about the Dutch efforts towards this initiative.

My colleague (10)(2e) in cc, can help schedule the call.

Many thanks in advance,

(10)(2e)
