Lecture Vaccine effectiveness 2020.pdf

Dear all,

Attached a lecture on vaccine effectiveness which I gave last year in the EPIET course Vaccinology and which 5.1.2e has also given for many years before * .
I was thinking to give this presentation to you and also include some COVID examples but it will take me some time to prepare that. So here is already the lecture which you can look through. If you have questions, let me know!

Best, 5.1.2e
