Dear 5.1.2e

Thanks a lot for the talk! I'm glad that we could come up with a nice solution.

I have just uploaded the new NCOVtest file, with the number of tests corrected with the (flexible) factor from week 38 onwards.

Like we discussed, it is important that it is visible and clear that the number of tests is an estimated number from week 38 onwards.

We'll be in touch on the developments.

Best wishes, 5.1.2e
