Dear 5.1.2e 5.1.2e :

I am 5.1.2e from iXensor. Nice to contact you!
iXensor is an IVD company in Taiwan, and we are developing infectious disease IVD product.
We found that you did a COVID PCR test in your lab.
https://www.ncbi.nlm.nih.gov/pmc/articles/PMC7206434/pdf/main.pdf

We would like to know if you can help iXensor to do a COVID antigen product evaluation with PCR machine in your lab?
If yes, what will the schedule and cost look like? and what is your suggestion for next steps?
Thanks in advance and look forward to hearing from you.
