Proceedings of 7th GDHP Virtual Summit .pdf

Dear GDHP Participants,

Greeting from the GDHP Secretariat!

The GDHP Secretariat would like to thank all GDHP members for joining the **"7th Global Digital Health Partnership Summit"** held virtually on 30th November - 1st December, 2020. This two days GDHP summit was hosted by USA in collaboration with GDHP Secretariat. I am elated to inform you that this summit has attracted more than 60 participants from 19 GDHP countries and World Health Organization (WHO).

As you know, the GDHP Summit endeavors to provide a global platform for the exchange of ideas and best practices to promote evidence-based use of safe, secure digital technologies in improving the quality, accessibility, and sustainability of health and care services. The Summit also provided an opportunity for participating members to highlight their experiences with the
response to the COVID-19 pandemic and present digital health updates for their nations.

In this context, I am sure that the summit was informative, inclusive, and worthy. Based on the deliberations held during the two day summit, the proceedings of the 7th GDHP virtual summit are attached for your reference.

We hope to meet you all in person during the next summit.

--

Best Regards,

5.1.2e 5.1.2e
