COVID-19 Plus RealAmp Kit Leaflet en.pdf
4. ICEIFMR-45 COVID-19 Plus RealAmp Kit Quick protocol FINAL.PDF

Dear all,

A colleague gathered some useful information about the Korean kit-maker Osang. Attached are some documents; below is some additional information from our colleague.

Osang Healthcare has gained US FDA authorization for its PCR testkit on 18 April. (<https://www.fda.gov/emergency-preparedness-and-response/mcm-legal-regulatory-and-policy-framework/emergency-use-authorization>)
