- others

Hello 5.1.2.e – thanks for sharing this agenda. We've put all the information around our COVID response on [this page](#) and will update it on an ongoing basis. I hope it's useful in advance of our conversation and please feel free to share it with your colleagues across Ministries.

On Tue, 7 Apr 2020 at 16:32, 5.1.2.e @minbzk.nl> wrote:

Hi all,

Based on the questions the participating ministries have we prepared an agenda for Thursday. The agenda, and thus the topics of interest to the ministries, will be as follows:

1. Short introduction participants
2. Misinformation surrounding 5G
3. Removal of content and the role of algorithms
4. The role of tech companies in debunking misinformation
5. Cooperation (amongst tech companies and between tech companies and government)
6. Observed trends and patterns in misinformation
7. Positive initiatives and applications

The representatives of the ministries are expected to have up-to-date knowledge on the measures your companies have taken with regard to misinformation, so we should be able to have a substantive discussion. I will see you all Thursday!

Kind regards,

5.1.2.e

Great, then let's make it 11:00-12:00 NL time/10:00-11:00 Irish time.

We'll send you an invitation for the meeting later.

All the best,

5.1.2.e

Dear all,

How would 11:00-12:00 hr suit you (NL time that is, so 10:00-11:00 Dublin time)?

Alternatively there's 10:30-11:30.

We will probably send the an agenda/topic list somewhere tomorrow afternoon.

All the best,

5.1.2.e

Hi 5.1.2.e and all,

Hope everyone's well and healthy.

Happy to join a call on this topic.

H 5.1.2.e

Hope you're doing well. I'm available for a call this week but on Thursday it depends on the time because I already have scheduled a number of meetings that morning.

Dear all,

Obviously at lot has been happening these last couple of weeks regarding COVID-19. Hopefully you and your loved ones are all still in good health:

Also on the government's side we have been quite busy with mis- and disinformation regarding COVID-19. We discussed this in our inter-ministerial working group, and there were quite a lot of questions also on the social media side of things. Therefore I figured it might be a good idea to do a mutual video call, if you are also up to that.

I have been in contact with you regarding your current policies related to COVID. I have relayed this also to my colleagues so they are also up to date. However, the questions they had are more on the execution and coordination side of these policies. For example on the AI that detects the misinfo, or whether you can share information about what you removed (numbers, but also what kind of content, topics, possible bots or coordinated activity etc.). Also, do your companies work together by for example sharing fact-check/removal information?

On our side we have been working on a new policy letter related to misleading information about COVID-19. We aim to send it to parliament some time next week, so we'll probably also be able to share what we as a government are doing.

So my question is if you have time for a video call sometime next Thursday morning. On our side it will probably include people from multiple ministries who all are involved in our disinformation work.

Please let me know if you are interested in joining such a video call. The system we will be using will probably be Webex, which is what we now use at the ministries. It should be accessible for external parties as well. I'll send out an agenda/topic list beforehand so everyone can properly prepare, so also let me know if there are things you wish to know from us!

Hope you have a nice weekend.

All the best,
