Hi all,

Our press office has now proposed the following message for the official social media channels of our Ministry:

It is in Dutch, but it translates to: Today @KajsaOllongren spoke with Facebook, Microsoft, Twitter and Google on their role in addressing #disinformation, also surrounding Covid-19 "Transparency on this topic is crucial for more insight on the spread of disinformation and the measures of the techcompanies."

Please let me know whether you are fine with the text as well as the use of the photograph. The message is already at the maximum amount of symbols is not allowed to contain any technical or policy-related terms. So any additions for nuance or elaboration are tricky.

Kind regards,

Onderwerp: Communication about meeting with Minister Ollongren

Hi all,

Our Ministry's spokesperson just contacted me, kind of last minute, that she would indeed like to communicate about the meeting of tomorrow on the Ministry's social media channels. As far as I understand it will be a simple post that mentions that we discussed how to jointly tackle disinformation and how to do this in a transparent way. Once she has a text I would like to run it by your companies to see if you are okay with the contents. Should I have her contact your press offices or can I just share the text with you for your OK?

Kind regards,
