Onderwerp: Lastest Releases

Dear M Stremler,

I hope you are doing good and had a good Easter Weekend!

For information, the last press release today with a new (situation is degrading) assessment of the impact of the crisis on air traffic:

- [COVID-19 Puts Over Half of 2020 Passenger Revenues at Risk](#)

- [Brian Pearce updated Impact assessment](#) - 314 billion USD including 89 for Europe -

Also a little more positive publication on our European Blog : [Air Cargo - Shining Some Light Inside the Tunnel](#).

For information regarding the revision of the EU261 regulation, we understood that discussion are now focused at EU Parliament level and a vote could possibly happen on the Plenary session on Thursday April 16th. We are still advocating for the possibility to issue vouchers (instead of cash reimbursement), vouchers that will be exchangeable or refundable at a later date (12 or 18 months). IATA and other associations sent a letter to a few parliament members last week to explain the situation (attached).

Thanks for your support,

Regards,
