Dear M Stremler,

Hope you are doing good!

Yesterday IATA Press Release:

- [Remarks of Alexandre de Juniac at the IATA Media Briefing on COVID-19](#), about EU261 and quarantine measures
- [Don't Make A Slow Recovery More Difficult with Quarantine Measures](#).
- [Economics Presentation: Outlook-for-air-travel-in-the-next-5-years](#)

"ACI-IATA Joint Approach to Safely Restarting Aviation"

You will find attached a document published this week by ACI and IATA recommending a set of biosecurity processes / measures that should be implemented to limit the risks associated with COVID-19 during the passenger journey. Similar to the IATA document "Biosecurity for Air Transport - A Roadmap for Restarting Aviation" sent last week.

European Commission :

You must have seen the package published yesterday by the European Commission on Tourism and Transport (waiting for EASA/ECDC guideline).

Regarding the EC recommendation on voucher (big disappointment for us), you will find attached a joint press release in response to the EC.

Thanks for your support,

Warmest regards,

Naly
