Datum  
Betreft veterinary certification of pork meat exported from The Netherlands to  
10.2.a

Dear 10.2.e,

Thank you for informing me about the commercial activities that the Vion Food Group is currently developing to start up export of pork meat from the Netherlands to 10.2.a.

With this letter I confirm to the Vion Food Group that the competent authority, the Netherlands Food and Consumer Product Safety Authority (NVWA) is currently reviewing the possibility to implement veterinary certification to 10.2.a using the Veterinary certificate form No 23 approved by the Decision of the Commission of the Customs Union No 607 dated 07.04.2011 as revised in the Decision of the Collegium of the Eurasian Economic Commission No 161 dated 08.12.2015.

As soon as NVWA has concluded the evaluations and considerations on the implementation of this veterinary certificate, the Ministry of Agriculture, Nature and Food Quality will forward for approval on CVO level the Netherlands specimen of the Veterinary certificate form No 23.

The Vion Food Group should consider this letter as a formal confirmation that the Netherlands is intending to use the Veterinary Certificate form No 23 for the export of pork meat from the Netherlands to 10.2.a.
