[Discussion paper - nCoV TC 07.02.2020.docx](#)

Zij bijgevoegd de meest recente versie van het achtergronddocument voor de VC.

De hoofdvragen zijn:

QUESTIONS TO GUIDE THE CONFERENCE DISCUSSIONS:

- 1) Have you already activated your national public health emergency systems? Which actions were most challenging to implement? Would you have any suggestions to improve further cooperation and preparedness for public health emergencies at EU level?
- 2) What is the current situation of supply of emergency protective equipment (EPE)? How would this change if the number of cases in your country increased? What information can you give about the availability of emergency protective equipment and the possibilities to increase the stock?
- 3) In your view, if the public health emergency persists in China, could it have an impact on the access to medicines in EU?
