Dear (10)(2e) (10)(2e)

We hereby send you our reflections on the text to send to the European Commission. Just minor changes. Is it possible to adapt the text as requested? Are there any other changes proposed by the other countries?

What is the timeframe you foresee? We are preparing a short letter to inform our parliament as well this evening (to be sent accordingly).

Kind regards,

(10)(2e) (10)(2e) and (10)(2e)
