Dear (10)(2e),

unfortunately (10)(2e) has been out of office since the beginning of this year. At this point in time I don't know when she will be back. You can always send any matters to my address and the address of our section (10)(2e)@bmi.bund.de).

With regard to your question I can only tell you that due to the fact that Germany is a federal state the closing of the respective training facilities falls into the responsibility of the 16 different states. All of the states prohibited the use of private and public sport facilities by now. In my knowledge at this point in time seven of them allow the elite athletes to use the training facilities by way of a special written permit.

I hope this helps a bit.

With best regards
