

Dear PMT, dear Communication Team,

The document linking the needs of international stakeholders on the topic of COVID-19 and OHEJP activities is ready to be disseminated.

Thank you for your valuable input, it has been taken into consideration.

To take maximum advantage of the current COVID-19 interest, may I propose to:

1. Publish it on the website in the Outcome section in order to have a stable link to the document .
2. Publish a news in the Latest News section
3. Mention it in the next newsletter
4. Disseminate it to the SSB (this was already agreed)

Best regards,
