Subject: Invitation to support the Solidarity call to action

Importance: High

Misión Permanente de Costa Rica
ante la Oficina de las Naciones Unidas
Ginebra

The single most important priority of the global community is to stop the COVID-19 pandemic in its tracks; to halt its rapid transmission and reverse the trend of consequential global distress. We know that this goal is only achievable when everyone, everywhere can access the health technologies they need for COVID-19 detection, prevention, treatment and response. Now more than ever, international cooperation and solidarity are vital to restoring global health security, now and for the future.

On May 29 at 17:00 Geneva time, the Government of Costa Rica in partnership with the World Health Organization, will call to action the global community to voluntarily share knowledge, intellectual property and data necessary for COVID-19, which complements the WHO COVID-19 Strategic Preparedness and Response Plan and the Access to COVID-19

Tools (ACT) Accelerator.

Please find attached the invitation to support the Solidarity call to action and to witness its launch.

Best regards,
