Ha (10)(2e)

Zoals het nu lijkt zullen wij vooral gaan voor een partner rol in het project, co-financiering lijkt niet perse noodzakelijk. Ik kan eventueel wel even checken of er iets van co financiering nodig is omdat wij misschien onze rivm tarieven niet helemaal mogen opvoeren. Zal dat laatste sowieso even doen.

De lijn mij G&M is ook op de hoogte, corona gedragsunit wil graag betrokken zijn. (10)(2e) (10)(2e) van Cib is aangehaakt. In principe nu afgesproken dat ik penvoeder ben en met betrokken rivm ers afstem. Zal ik een kort berichtje maken ter info voor (10)(2e) ?

Hoi (10)(2e)
 Wat is onze rol, wordt jij WP trekker? En is er nog cofinanciering nodig?
 Als het een vooraanmelding is dan hoeft het niet de hele lijn door wat mij betreft, als (10)(2e) ergens moet tekenen dan wel.
 Groet, (10)(2e)

Hoi (10)(2e)

Het draft voorstel voor de horizon2020 call is binnen (zie attachments). Ik heb intern afgesproken dat onze reactie met mensen van de gedragsunit zal worden afgestemd. Zijn er verder denk jij nog rivm ers die betrokken zouden moeten worden?

Ik heb in de onderstaande mail in geel gemarkeerd welke regelingen er aan komen. Op het eerste gezicht schat ik in dat ik de formulieren voor een groot deel in kan vullen, zal ik die daarna langs jou sturen voor een check? Is er

verder nog iemand van de lijn / DR die in dit stadium betrokken moet worden?

Groetjes

Subject: H2020 COVID call - draft WP outline for partner input and next steps

Dear all,

We are very pleased to be reaching out to you regarding the H2020 call on "[Behavioural, social and economic impacts of the outbreak response](#)". EuroHealthNet is coordinating a response to the call, and we are delighted to have the opportunity to work with all of you on it. You will find below more details on where we currently stand, as well as the next steps. Given the extremely tight deadline, we are counting on your quick responses in the coming two weeks to enable us to submit a high-quality bid on time.

Confidentiality

As this bid is likely to be highly competitive, we would kindly ask you to keep all documents pertaining to this consortium **strictly confidential**. We are presuming that all partners are not taking part in any separate consortiums - should this not be the case, we kindly ask you to let us know.

Draft proposal

You will find attached here a draft outline of the different WPs, which seeks to integrate the thoughts we have received from different partners up until now. The draft also includes a preliminary list of partners, although we are also in touch with others, pending confirmation. Your further comments on this draft would be welcome. At this stage we can still change the structure and content of work packages if needed. We kindly ask for your **feedback by COB tomorrow, 28 May**. Alongside general comments, we would also ask you to let us know the following:

- Whether you would be interested in implementing and ideally also evaluating a "best 'next' practice" (as part of WP6) - for the implementation, you could also work with a partner on the ground
- Whether you are interested in leading a specific WP, or a task within a WP. Although we will do our best to accommodate

all requests, kindly note that in some cases this will not be possible. Please note that all WP leads will be asked to draft their WPs, describe research methodology in detail, indicate deliverables and timeline.

Once we have received and reviewed all input we will get back to you (ideally by **Friday 29 May**), to confirm WP leads, asking you to draft the respective WPs, by **Wednesday 3 June**. Of course, we will also provide input and feedback during this process.

Administrative and budgetary issues

You will find attached to this email three forms, which we kindly ask you to fill in for the indicated deadlines. These will allow us to proceed with necessary administrative and budgetary issues, as well as Section 4 of the proposal (partner information and relevance to the bid). As soon as we have more clarity on the final list of partners and breakdown of WPs, we will engage in further discussions on the budget. For any questions on these documents, please get in touch with David: (10)(2e) @eurohealthnet.eu

1. Partner contact information form - **please share by 29 May**
2. Information to provide for proposal budget - **please share by 29 May**
3. Partner description form - **please share by 3 June**

Title & Ad Board

Should you have the opportunity, we would kindly ask for your suggestions on the following:

- Possible titles/acronyms
- Members of the Advisory board

Proposed planning

To sum up, the proposed timeline is as follows:

27 May	EuroHealthNet shares draft with all partners
28 May	Partners provide feedback on the draft, indicating their preferred roles (WP leaders / task leaders / WP task contributors)
29 May	- EuroHealthNet confirms allocation of roles and drafting roles with partners - Partners share contact information + budget form
Week 1-5 June	- EuroHealthNet drafts proposal (reaching out to partners for assistance with specific sections) - EuroHealthNet prepares budget, in cooperation with partners
3 June	- WP leads share draft WPs - All partners share partner description form
5 June	- EuroHealthNet shares complete first draft proposal with all partners - A video conference call may be scheduled if needed. Please save the date (pm)
By 8/9 June	Finalisation of budget + partners provide feedback on draft
10 June	Draft proposal submitted to the EC
11 June	Final proposal submitted

--	--

This time schedule is a real challenge, and the coming weeks will be demanding. However, we are confident that with such strong consortium, tightly working together, we should be able to develop an attractive and high-quality proposal!

Please send your responses to (10)(2e) (10)(2e) @eurohealthnet.eu, with (10)(2e) 10)(2e) (10)(2e) @eurohealthnet.eu and myself in copy.

Kind regards,

(10)(2e)
