Onderwerp: Requested Laboratory information for Curacao health provider.

Dear (10)(2e)

My name is (10)(2e) (10)(2e) and I am the Operations Project Manager supporting the site project managers in Aruba and Curacao. It is a pleasure to make your acquaintance.

Both the Curacao team and the Aruba team remain in quarantine out of an abundance of caution. Please note that one of the providers has a positive titre as of 03APR2020. She was quarantined for 14 days when originally notified and has remained asymptomatic during that time. She was retested on 21 APR2020, those results are also attached. She has and is observing all appropriate social distancing and isolation protocols in her assigned room and will remain under supervision until her departure from the island. The project manager in Curacao is (10)(2e) and he has a full understanding of this situation. (10)(2e) I- (10)(2e) (10)(2e)@ami.health. He and I will happy to answer any questions about the personnel on the ground in Curacao.

It has been reiterated with both teams the need to adhere to strict quarantine protocols until otherwise directed by authorized health officials on both islands.

Please feel free to reach out if you have any additional questions or concerns.

Highest Regards,

(10)(2e)
