Onderwerp: WG: re opening of schools

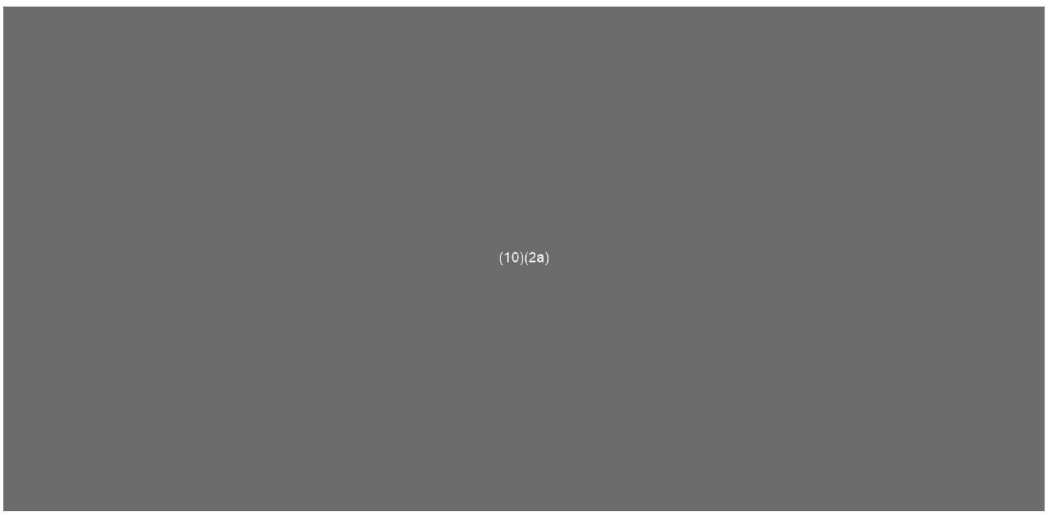

Hi (10)(2e),

In the mail below a quick reply...it is in German and I will translate it in the evening. What exactly ´do you need and what´s the purpose of your mail – to find the right information. I think we should exchange more, as these are important times for young people in so many ways.

Best regards,
(10)(2e)

Betreff: AW: re opening of schools - und NA-OeAD Frage

Lieber Hr. (10)(2e)

Im BMBWF werden viele Szenarien diskutiert, WAS genau WANN umgesetzt werden soll ist noch nicht entschieden.

Bevor das nicht feststeht, will man die Überlegungen auch nicht groß verbreiten. Daher die Rückfrage: gibt es irgendeinen offiziellen Hintergrund für diese Fragen? Irgendetwas, das mehr wäre als "Neugierde unter Kolleg/innen"?

Und eine andere Frage: haben Sie eine Rückmeldung von Ernst Gesslbauer zu ihrem NA-Leistungskatalog-email erhalten?

Liebe Grüße,
(10)(2e)

Onderwerp: Corona and re opening schools in your countries
Urgentie: Hoog

Dear (10)(2e) , (10)(2e) and (10)(2e)

How are you? I really hope you're healthy!

I like to ask you some information related to Covid-19. We heard that both Denmark (tomorrow) and Norway (next week) and possibly also Austria in the near future start easing the Corona measures and are opening the schools. My management team want to draw up a number of scenarios.
And we hope you can help us answering the following questions , or maybe you have the contact information from the responsible policy officers for us!

1. Can you inform us – in general - about your plans on opening the schools?
2. Have you done a study or research on whether it is safe for this group of children? (And if so can we find some information about this study?)
3. Did you take / What specific measures did you take to organise the opening of schools safely? (Think of: specific pick up and drop off policy, do all classes start at the same time, what to do with children / families who do not dare, do you use protective equipment for the class (or even more specific are mouth masks required).
4. What can children do again? May they pick up their leisure activities (as before): sports clubs, hobby clubs, playing together, children's parties (and such)?

It would be very helpful to hear about your plans!

Kind regards,
(10)(2e)
