Dear (10)(2e)

I got back positive availability from the board for the time slot you suggested earlier today:

We would strongly prefer if this time slot could be used.

Would that be possible?

Dear (10)(2e)

I hope this finds you well.

Thank you very much for providing availabilities. Unfortunately these don't work from our end. Is there any chance that *November 5 from 14:00-15:00 CET/ 8:00-9:00 ET* would be convenient for you and the Members of the Scientific Board?

If not, I'd be happy to come back and suggest some alternative options.

Dear (10)(2e)

We have two suggestions for an alternative date, with at least 4 members indicating availability:

Monday 26th October 14:00-15:00 CET
Wednesday 28th October: 15:00-16:00 CET

Notably: we are changing to 'wintertime' upcoming weekend in the Netherlands (night 24th-25th October): so perhaps the time difference with the US may change...

Looking forward to hearing from you,

Best wishes, (10)(2e)

Dear (10)(2e)

No problem at all. Unfortunately something has come up and tomorrow no longer works from our end - apologies for any inconvenience.

It would be great to receive some alternative dates that work for you and the members of the science board. As my colleague (10)(2e) mentioned, most of the Moderna team is based in the (10)(2a) so we are available for meetings 14:00 CET onwards.

Dear Ms (10)(2e)

Following the correspondence with Mr. (10)(2e) I herewith confirm, as a member of the Dutch science board for COVID-19 vaccines, that our panel would indeed like to discuss the latest scientific data with the Moderna team at short notice.

The members of the board are prepared to sign a confidentiality agreement. Could you come back to me with any meeting options?

We will then get back to you with a list of, most likely 2-4, members who could be present.

Thank you very much in advance.
