Received: Tue 9/15/2020 3:30:37 PM

Hi

Yes, it is confusing that the term OMT is also used for the regional or local (hospital) settings. So it has nothing to do with translation.

Good work (10)(2e)
 Hope (10)(2e) likes it too.
 I need him/Vion for my worms....

(10)(2e)

Subject: RE: Vion outbreak abstract for ESCAIDE 2020

Hi,

I meant the smaller OMT for the Vion outbreak specifically (maybe it translates differently in Dutch?), not the national OMT on COVID-19 as a whole.

Ok, I am sharing the report with (10)(2e). And will follow up on checking the questionnaires with a native speaker.

Kind regards,
 (10)(2e)

Subject: RE: Vion outbreak abstract for ESCAIDE 2020

Hi,

Indeed. The report has not been an agenda item at OMT. OMT agenda is based on specific issues /questions raised by VWS.

Cheers (10)(2e)

Hi yes you can share with him.

I think the report as such was never discussed in the OMT; we did discuss the vion thing in the covid response team meeting.

FYI (10)(2e) is off-duty for some time due to personal circumstances.

Vriendelijke groet / kind regards,

(10)(2e)

Dear (10)(2e)

I have just received a message from (10)(2e) from Vion asking about the outbreak report (see below).

Wasn't the outbreak report already shared with the members of the OMT and Vion? Is there some confidentiality issue? I wouldn't want to contradict your communication as coordinator/spokesperson of the OMT...

Shall I email Martijn the report? I guess he is interested in the version, including the comments with the codes of the employees (attached). Or alternatively, we can use the censored version that we shared with ECDC and does not include any mention of Vion (also attached).

As for the questionnaires, I'll email (10)(2e) for the scans of the paper questionnaires for the two cases mentioning symptoms. There might be something hand-written that a native speaker could read.

Kind regards,

(10)(2e)

Dear (10)(2e)

Thank you for the final version and the feedback. You mention in some of your replies an outbreak report. Could you perhaps already share that report with us? I would be very interested to read that. And let's soon have a look at the questionnaires with interpreters.

Kind regards,

(10)(2e)

Dear all,

Thank you for the feedback and comments on our abstract for ESCAIDE 2020.

Please find attached the submitted final version along with a word file compiling all the comments and input. I thought the discussion in the comments might be useful for the future manuscript drafts as well.

As for the ESCAIDE conference, please find below the expected timeline:

- by 16 October: expected notification of acceptance/rejection
- 2 November: deadline to confirm conference participation and upload poster
- 26-27 November: online conference

This year's ESCAIDE is entirely online and without registration fee: <https://www.escaide.eu/en/news-events/5-things-we-need-tell-you-about-escaide-2020>

If accepted, I will email you the poster draft around 16 October and will be grateful to receive your feedback by 29 October.

If rejected, we have had at least a productive discussion (see attached docx).

Kind regards,

(10)(2e)

Importance: High

Dear all,

(10)(2e) an ECDC EUPHEM fellow at RIVM who has worked on the RIVM part of the VION study, wants to submit an abstract on it to the ESCAIDE conference. I suppose this is inline with the planned publication for which IRAS is taking the lead. Could you please have a look and let (10)(2e) know your comments and approval for your names as coauthors?
Thanks

Vriendelijke groet / kind regards,

Subject: RE: Vion outbreak abstract for ESCAIDE 2020

Dear (10)(2e) and (10)(2e)

It is to follow up on our abstract on the Vion outbreak for ESCAIDE 2020.

Attached is an updated version with a few comments from my ECDC frontline coordinator. An outstanding question is whether we know the number of employees at the Vion Boxtel location as of June 2020 (maybe that was mentioned somewhere in the communication with Vion?).

Could you please let me know if we have any further comments/corrections from the partner organisations (GGD, UU, EMC). Whom of them would like to be listed in the abstract co-authors list?

I am planning to submit it to ESCAIDE on the deadline day, Monday, 14th September. Could you please email me any changes by the end of this week?

Kind regards,

(10)(2e)

Subject: Vion outbreak abstract for ESCAIDE 2020

Good morning, (10)(2e) and (10)(2e)

Please find attached our abstract for ESCAIDE 2020, based on the Vion outbreak. Could you please let me know if you have any comments/corrections?

Could you please circulate it further for approval of our partners (GGD, UU, EMC, etc) and let me know the names and affiliations of the co-authors to list? I put "on behalf of the OMT", so anyone not listed is still acknowledged in some way.

The ESCAIDE submission deadline is 14th September, so it would be great if we can finalise it by 10th September (I need some time for submission approval by my ECDC frontline coordinator too)

Many thanks,

(10)(2e)
