[Projectplan Surveillance Caraiben 2sep2020.pdf](#)

Dear (10)(2e) and (10)(2e)

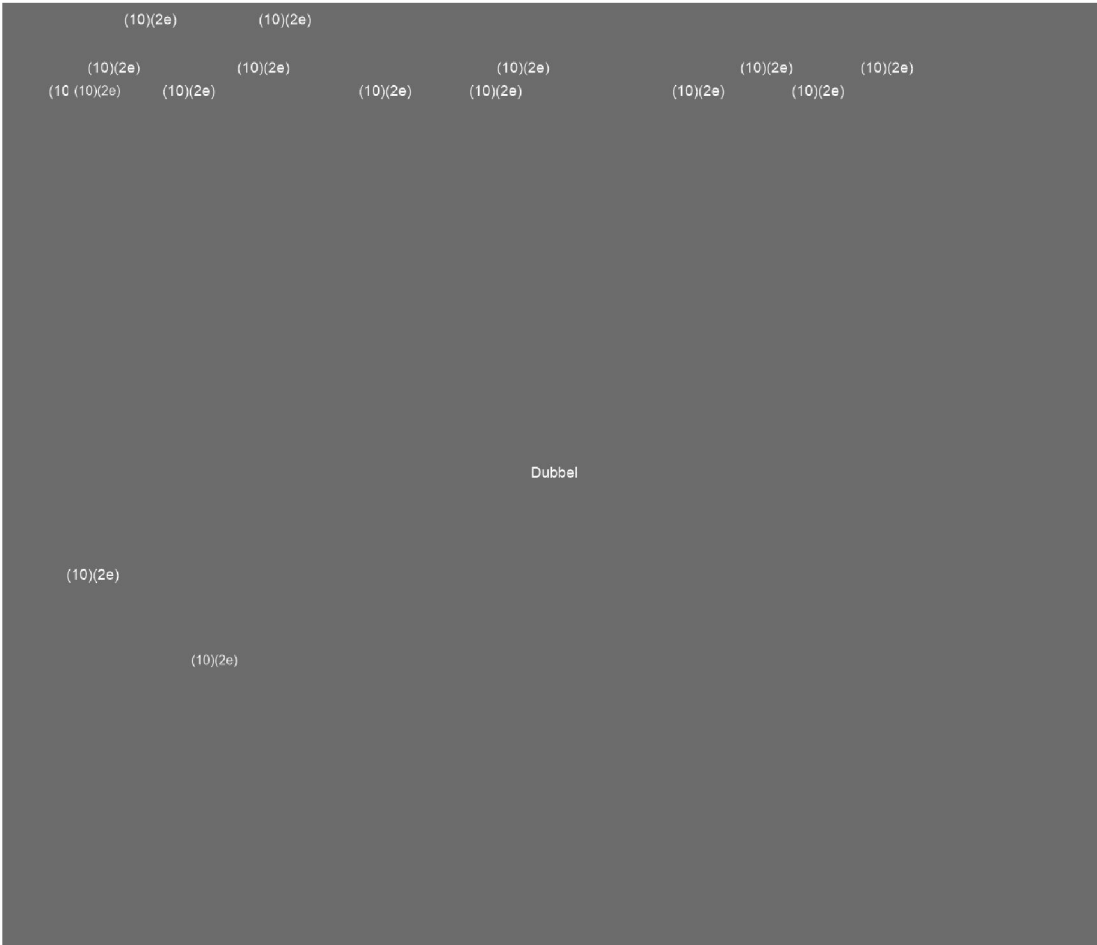

Hope you are keeping well.

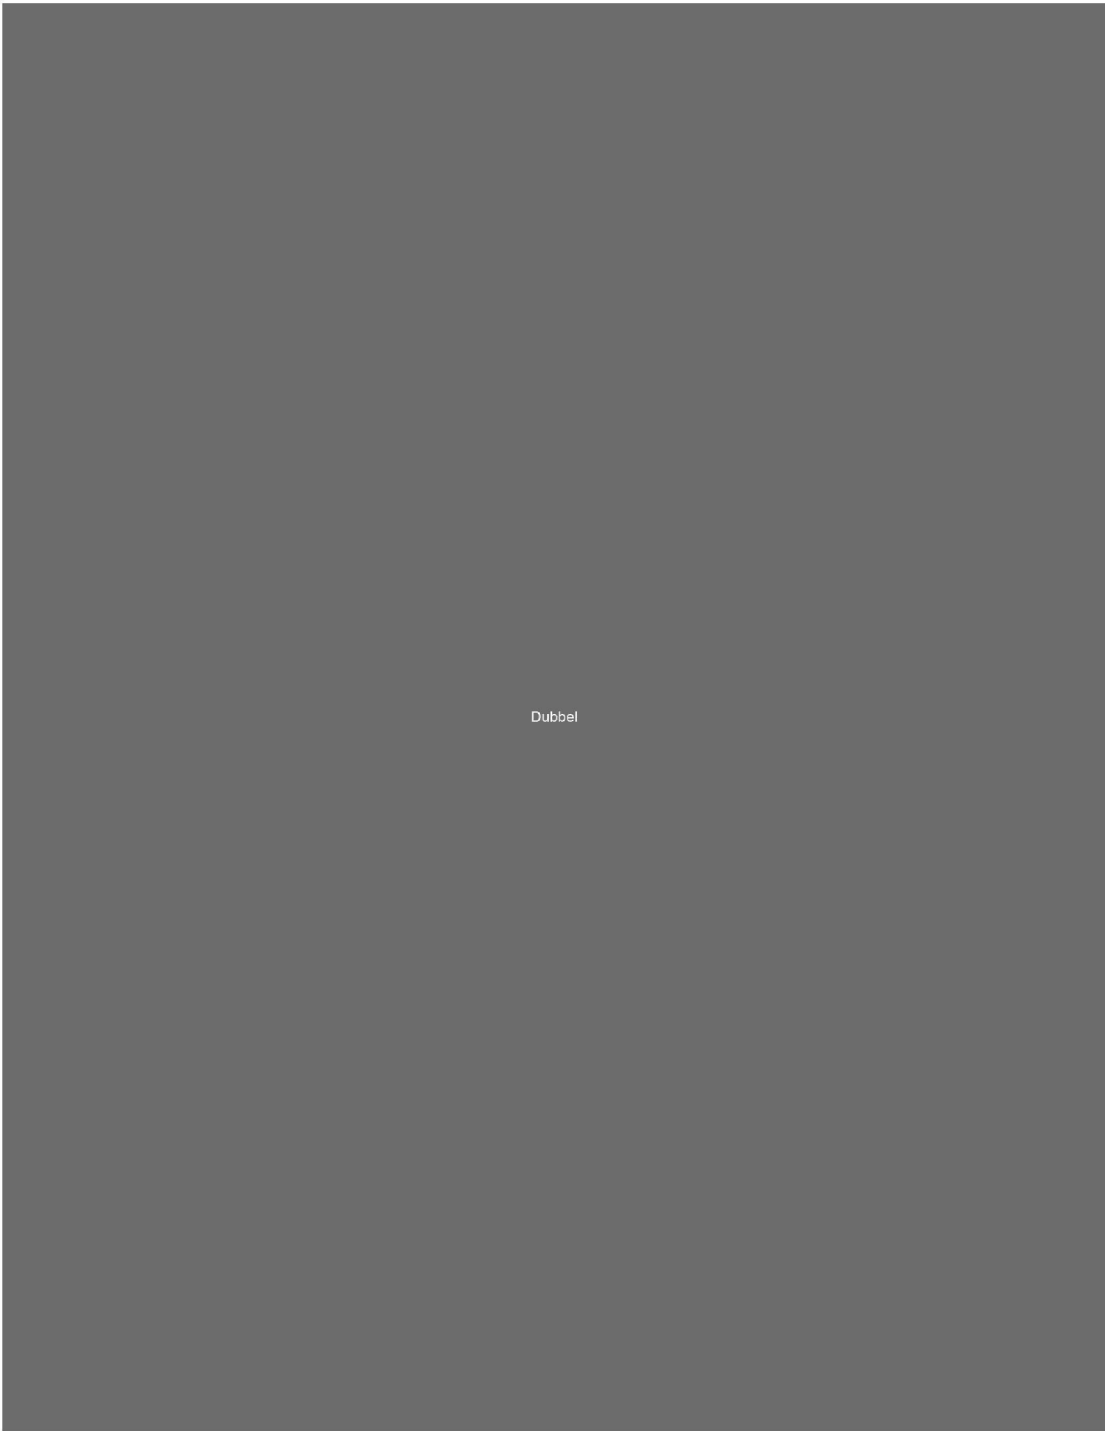

With some delays we've been moving forward with the project to automate our syndromic surveillance, together with NIVEL, the main research institute in the Netherlands for primary care. They do surveillance from the GP's in the European Netherlands too. Attached the project plan; in dutch unfortunately, google translate will be needed.....

Could we schedule a VC to discuss the project with you, and see if paho would be able to support?

Best,

(10)(2e)

Dubbel
