That sounds good to me as we have all completed the questionnaire from ECDC.

Subject: RE: Sentinel surveillance COVID-19 IMOVE primary care network

Dear [REDACTED] (10)(2e) we would be happy to support this work.

To start with some basic information on sentinel surveillance systems and changes related to COVID-19, you could start with the standardised country profile tables that have been collected by ECDC from all member states. I have attached the report from the Netherlands. ECDC was supposed to publish these early July.

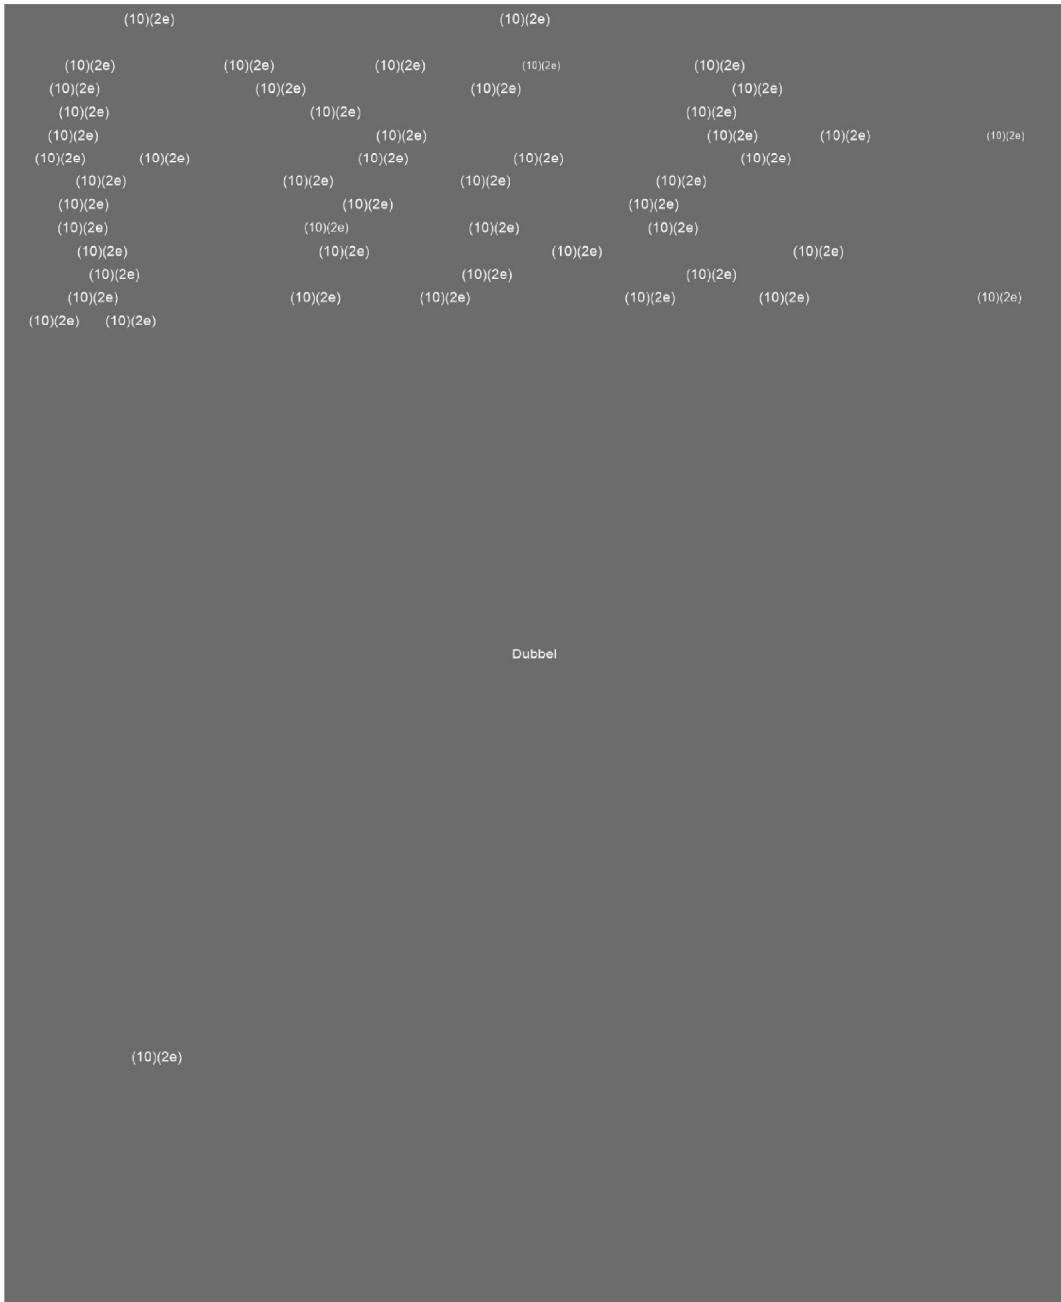

Best regards,
