Executive Summary

Key Deliverables:

- 12 personnel + 1 PM

Risks & Issues:

- **HOH** – actively working on plans to reopen ICU/CC unit and safely move patients back into unit. HOH was advised of staff concerns of smells and other irritants and the asbestos. They are currently working on abatement process and actively investigation.

Progress:

- Continue integration of all nurses into ICU/CCU units. ICU/CCU unit temporarily operating out of the B3 unit.
- Assist HOH (Dr. Horacio Oduber Hospital) to ease organic staff shortages in the ICU
- New PM and 4 others are quarantining in the hotel, but were able to tour the hospital and begin onboarding for smooth transition after the quarantine period.

Next Actions:

- Training and education initiated to keep current with COVID-19 medical management for internal AMI staff, HOH if requested.
