Dear (10)(2e)

I am writing on behalf of Prof (10)(2e). Thank you for reaching out to us. As we have obtained the pseudovirus neutralisation system under a material transfer agreement, we are not allowed to share the respective reagents with you. However, I have attached the original manuscript for you, so you can contact the inventors of the VSV pseudovirus NT directly. You will need to do a MTA with them. You will find their email-addresses in the manuscript.

Best regards

Dr. (10)(2e)

Subject: pseudoviruses collaboration

Dear, Professor. (10)(2e)

First of all, I would like to thank you for your scientific publications, which I have learned a lot during my research. I would like also to introduce myself to you, my name is (10)(2e) working as (10)(2e) in the Special Infectious Agents Unit – Biosafety Level 3 King Fahd Medical Research Center, King Abdulaziz University Jeddah Saudi Arabia.

We have been performing research on the SARS-CoV-2 and would like to collaborate with you on setting up the pseudovirus neutralization assay for SARS-CoV-2 in our lab. So if you can kindly send us the protocols you published and the needed reagents and supplies (pseudoviruses) for this setup and we are willing to fulfil all the needed documentations for this collaboration.

Best Regards,

Note:

:Paper title

Validation and clinical evaluation of a SARS-CoV-2 Surrogate Virus Neutralisation Test (sVNT)
