Dear Mrs. (10)(2e)

Thank you for your swift response. You are correctly informed that the national focal point for ESI is located at the Ministry of Justice. We divided the tasks concerning this subject: the process is coordinated by the national focal point, content is coordinated by our ministry of Health. I am in constant contact with the national focal point and will ask them for the e-mail address to you can direct the documents.

I refer to the documents I sent you concerning all conditions that apply to the eligibility of an application. The highlighted sentence refers to the concept that only those freight costs that were not covered by invoices might be eligible for subsidy.

I hope this answers your questions.

Kind regards,

(10)(2e)

Mr. (10)(2e)

Also, could you kindly clarify if in the highlighted sentence below you mean our commercial customers of ours (as a company) or the customers of Member States?
