

AZD1222 EU: Member State Distribution Set UP

Member State:	<i>The Netherlands</i>
Please describe any site or route access limitations?	The vaccines will be shipped to Movianto - our external warehouse in Oss the Netherlands. The premises are protected . The transport of the vaccines from the Dutch boarder o the warehouse will be escorted by special forces (police/military)
Please confirm the Distribution Hub Opening Hours?	Regular opening hours for this Distribution Hub are on working days from 8:00-17:00 hours.However for these dedicated transports reservation have to be made in advance.
Is there a booking slot reservation process if so please confirm requirements?	An advanced shipping notification (ASN) has to be sent, if possible two weeks in advance of the delivery, to RIVM -DVP logistics department by mail to 5.1.2e @rivm.nl. AZ will receive a shipping reference and timeslot via RIVM-DVP
Are twin deck vehicles acceptable?	Yes, but this must be stated in the ASN
Do vehicles unload via dock leveller direct to cold store? If not please provide details	Yes, direct to cold storage
Any specific COVID19 restrictions that we need to be aware of?	Standard procedures with respect to distancing (1,5 m) and wearing mouth/nose protection.
Please describe any preferred routing to the site? Please attach additional documents e.g. maps if appropriate	Because the transport will be escorted from the Dutch border only a border crossing location will be agreed on in a meeting a few days in advance of the delivery date. The escort will take care of the routing to the site based on real time traffic information.
