Dear [redacted] 5.1.2e

During the task force some questions were asked concerning the Dutch CoronaApp. Herewith you'll find the answers:

1. What is the legal status of the Dutch CoronaApp (CoronaMelder)

The law concerning the CoronaApp is still pending in parliament. We expect/hope this to be finalized in October

2. Did the test phase work successful?

The test phase is still running. Some minor issues are being solved.

3. Is the Netherland willing to have this App being interoperable with other Apps like the [redacted] 5.1.2a Corona-App

Yes, talks are taking place at the moment to see if on an European level this can be done. The aim is that this also can be in force in October.

Groet,

[redacted] 5.1.2e
