End of Week CPS Report 9/4/20

Key Deliverables:

- 183 active Cases of COVID
- Approximately 56 PCR tests were administered via our mobile swabbing team within the past 48 hours.
- Home Visits: 5 within the past 48 hours.
- Contact tracing: 22 individuals were identified to be at risk and received phone calls from our team.

Staff Deployment:

- Current Staff: (6) RNs and (1) Epidemiologist
- (6) RNs and the epidemiologist are working in collaboration with CPS manning mobile PCR testing sites. The RNs are also manning the CPS hotline and conducting contract tracing.
- All team members are working directly at the CPS facility.

Risks & Issues:

Next Actions:

- Continued mobile testing and contact tracing.
