Start of Week Report 9/21/20

Key Deliverables:

- 171 active cases of COVID identified on the island.
- Patient census: 2

Staff Deployment:

- We currently have 34 personnel working at CMC throughout multiple departments which includes ICU, ER, OR, and NICU.
 - The staff breakdown is as follows:
 - 2 physicians
 - 1 physicians assistants
 - 30 ICU RNs
 - 1 team lead

Risks/Issues

- A number of CMC providers have tested positive for COVID. Resulting in many of their providers having to quarantine.
- CMC unhappy with terminations that were deemed necessary.

Progress:

- (1) MD to transfer from Aruba – currently awaiting COVID results
- (1) MD arriving today.
- (3) RNs to arrive by end of week.
