Onderwerp: frequency for informing Dutch health institute

Dear [redacted] 5.1.2e

As discussed, we suggest that you or your colleagues share info on the developments in Greece, directly with the contact-person at the Dutch Health Institute (RIVM) that you have been in touch with before. I don't have those contact-details, but I can find out if you would like me to.

For the moment the weekly report on the situation on the islands seems to work well.

I was wondering if ECDC now had better information from Greece, than what could be distilled from the ECDC 30-day-projections.

Best,

[redacted] 5.1.2e

Dear [redacted] 5.1.2e

Thank you so much for the useful meeting today.

As discussed, please find the ECDC Report attached.

I also have two additional questions:

- What are your projections for Greece?

- We are planning an internal strategy-day with colleagues at our embassy. We would like to discuss the impact of COVID on our work as well (travel advisories; consular assistance working from home and in the office etc.) Any suggestions for resource persons?

Thank you so much for your help and information!
