Detailed offer

Date 18 November 2020
Subject Offer for laboratory support for seroepidemiology
studies NP/2020/DPR/23584

Dear Dr 5.1.2e

**Re: Invitation to submit an offer: Laboratory support for seroepi-
demiology studies NP/2020/DPR/23584**

Thank you for the request for laboratory support for seroepidemiology
studies. Please find attached our offer for this contract.

We propose that RIVM will:

- 1) Determine the extend to which different antibody tests are able to
detect neutralising antibodies, as assessed by a virus neutralisation
test.
- 2) Perform confirmatory virus neutralisation testing for EU/EEA Mem-
ber States public health laboratories that do not have the capacity
to do so themselves.
- 3) Offer technical support to laboratories that are currently perform-
ing virus neutralisation testing themselves.

The attached offer has been drafted taking the above mentioned agree-
ments into account.

Yours sincerely,

5.1.2e
