Maar liefst wacht ik EVEN af of het ook klopt want ik lees dat je nog moet checken of ze passen
 Kan je dat zsm doen en me laten weten want dan sta ik sterker

Beste [redacted] 5.1.2e

Onderstaande mail is prima. We kunnen Hologic vragen vanuit de link (zie bijgevoegde mail) aan te geven welke tips bruikbaar zijn.

Met vriendelijke groet,

Dank graag

Als je iets hebt: heel graag want dan ga ik snel Hologic benaderen.

Als je iets zou hebben op basis waarvan ik onderstaand bericht zou kunnen sturen: graag:

Zoiets? Of? Maar dan moeten we wel de "amunitie" hebben

Dank

Beste [redacted]

Isogen heeft een link gestuurd met daarin alle tips welke zij in voldoende mate kunnen leveren ([redacted]). Verder geven ze aan dat er eerst gespecificeerde informatie per apparaat nodig is alvorens zij offertes kunnen sturen. Deze vraag ligt bij LCDK zodra er terugkoppeling is zullen wij deze informatie doorgeven aan Isogen.

Voor vragen of overleg kun je mij bereiken via mail of telefonisch.

Met vriendelijke groet,

[redacted] ([redacted])

Hi 5.1.2e

- Offerte uitraag is gedaan voor 5.1.1c tecan tips per maand hier krijgen we volgende week antwoord op wat ze kunnen gaan leveren.
- Vraag voor zowel de panther, als de 5.1.1c en de 5.1.1c heb ik even neer gelegd bij team 5.1.2e voor foto en merk en type.
- De andere laatste twee even voor de zekerheid dan hebben we dat vast als het nodig is en kunnen we sneller schakelen.

Terinfo

buite 5.1.2e

Met vriendelijke groet,

5.1.2e

<image001.png>

T 5.1.2e

E 5.1.2e @lchulpmiddelen.nl

Geen garantie natuurlijk maar ze hebben veel types.

Let wel:

- ik weet niet hoe de status is met de garantie mbt leverancier en apparaat of dit dan vervalt.

Dus indien er labs zijn die leveringsproblemen hebben kunnen we bovenstaande in werking zetten om te kijken wat past.

Met vriendelijke groet,

5.1.2e

Dear 5.1.2e and 5.1.2e

On 21th of July you indicated to come back coming days.
 I do understand holiday season and pressure on you.
 Still, please, I would appreciate you help to move us up soonest to 5.1.1c by August and 5.1.1c tests/month by October.
 Please, you help is appreciated and the urgency is high.
 Also in view of fact that Hologic is delivering machines, but we need tests also...*

Thanks in advance
 Warmest
 5.1.2e

Thanks 5.1.2e and 5.1.2e
 This isn't good news, but we will wait another week and understand complexity.
 But please: I really really expect:

Increase of supply per August 1st from 5.1.1c tests per month to 5.1.1c and then a ramp up to 5.1.1c tests a month by October.
 I agreed with our Minister/Ministry that we can commit till at least April and we also agreed to be quiet to the press.
 All as discussed last week.

I await.
 Warmest and thanks in advance.

5.1.2e 5.1.2e

Dear 5.1.2e 5.1.2e and 5.1.2e

I am providing an update post our discussion last week about the extra volume for the Netherlands.

We had made good progress towards confirming additional volume for NL over the course of last week. However, unfortunately, over the weekend we received clear signals from our global supply chain team to 'hold' on making any new volume commitments for our SARS-CoV2 assay and associated consumables. We had hoped that there may be a quick resolution over the start of this week – which unfortunately is not yet the case. Therefore, while the team work through the current constraints, we need to advise you of this delay.

At this point, we cannot yet commit to supplying additional SARS-COV2 volume for NL. We are hopeful that a solution will be identified shortly and then we can proceed as previously discussed.

Please be assured we are doing everything we can to secure the additional volume for NL.

To note, the supply of existing volume commitments for SARS-CoV2 assay and consumables is not impacted.

As mentioned on the call last week, due to both COVID and our quickly returning base business, we are working through a series of supply constraints across our supply chain – including third party suppliers.

Please can we ask for your patience for another week. While not desirable, we want to be honest with you about this. We are working on the solutions and hope to be in a position to respond more positively in coming days.

kindest regards
