This would be highly highly appreciated.

Pressure (also from our Minister and Prime Minister) is high.

The renewed proposal of 5.1.2e is the best "she can sell internally to the government and 5.1.1c I belief".

Thanks for all your efforts; super appreciated.

Dear 5.1.2e

Thanks so much for your quick reply. I do appreciate that you are trying to work within the constraints that we are all under. I will review the situation once again and come back to you yet this week.

With best regards,
