[Registrations serology EQA.xls](#)

Dear 5.1.2e

I attached the current list of registrations for the EQA. I highlighted in yellow registrations that were made by the same person or by the same institute. I can write the contact persons to ask whether this was a mistake.

At the moment the coverage among European countries is broadly given, but not very even, e.g. 7 registrations from 5.1.2a

In blue the only registration from 5.1.2a

Best wishes,

5.1.2e

Dear 5.1.2e

May I kindly ask you for an update on registrations?

Do we have any more from UK or Switzerland that I need to contact for informing them?

Many thanks,

5.1.2e

Thank you 5.1.2e

I will wait until registrations are finalised and then contact them.

Best wishes,

5.1.2e

Dear 5.1.2e

At the moment there is one registration from the 5.1.2a Here are the details:

Public Health Wales Wales Specialist 5.1.2e 5.1.2e @wales.nhs.uk 5.1.2e
 Virology Centre

I will let you know if any other registrations from these two countries occur.

Best wishes,

5.1.2e

Dear 5.1.2e

Many thanks for flagging this issue. Unfortunately, we cannot provide EQA support to 5.1.2a (as of January).

Please let me know of any registrations and the contact details and we will contact them to explain the situation.

Best regards,

5.1.2e

Hi,

There is a small complication: you have invited representatives from both 5.1.2a in your invitation e-mail to participate. In my opinion we cannot refuse them participation any longer as ECDC formally invited them to participate. Please advise.

Best wishes 5.1.2e

Dear 5.1.2e

Happy new year! I hope my email finds both well!

Please find below an e-mail from Cyprus on the sero EQA participation.

Best wishes,

To whom it may concern,

I am sending you this email regarding the invitation to register for the ECDC External Quality Assessment of SARS-CoV-2 serology for national COVID-19 laboratories. I have been forwarded the original message from Dr Pieridou the director of microbiology department and focal point in Cyprus Nicosia general Hospital. I just wanted to let you know that the Serology testing for all the viruses in our Hospital is done in the Immunology department and that is why I have been forwarded this email and I already apply for the EQA panel. We are the Reference lab for HIV HCV and other viruses that need a confirmation with a serology tests. We are interesting in participating in all aspects regarding serological testing and we are interesting in having direct access to these information. Thank you in advance.
