Dear [redacted]

By means of this letter we would like to provide you with a quotation for the modelling work that is part of the "Indirecte effecten COVID-19 op zorg en gezondheid" project. The modelling work includes the conceptualisation, implementation, and analysis of a simulation model to estimate the impact of delayed health services for melanoma patients in the Netherlands due to the COVID-19 pandemic. It includes regular meetings with the RIVM and other stakeholders, and any data analyses that may be necessary in developing the model. The results are presented through a midterm presentation of the proposed methodology and initial findings, and a final report including the model.

The work will be performed by Dr [redacted] [redacted] and includes a review of the overall proposed methodology and reporting by myself, [redacted] [redacted]. A specification of the total amount of [redacted] is provided in the below.
