Onderwerp: Support COVID-19 Vaccination Implementation- Red Cross

Hi [redacted]

I hope you are well. I have been in touch with [redacted] from the Red Cross and provided him with some background of the support needed in order to meet the requirements as stipulated by [redacted] for the COVID vaccine.

We have been instructed to submit a finalized plan by January 27 and have identified someone locally who can assist with the technical writing to work along with [redacted]

[redacted] department will assist with submitting a formal bijstandsverzoek and pulling together requirements for the project coordinator (as stipulated in the letter to Minister VSA), however, [redacted] has received approval from his direct reports to support St. Maarten for 3 months.

[redacted] provided the contact email of [redacted] in the event that the ball can start rolling on this request. Her email [redacted]@redcross.nl

Regards,

[redacted] [redacted] [redacted]
