Hugo, [REDACTED] 5.1.2e

Heb nog even internationaal gekeken. Ben op gegeven ,p,emt gestopt maar op geen lijstje zag ik mensen tussen 60-70 ergens in de top 5 of top 10 staan

Denemarken:

<https://www.sst.dk/en/English/Corona-eng/Vaccination-against-COVID-19/Target-groups> : bewoners en personeel eerst (personeel stond iets lager maar gelet op oplierend virus zijn ze tegelijk met groep 1)

België

1. Bewoners en personeel in woonzorgcentra voor ouderen, gevolgd door collectieve zorginstellingen, met inbegrip van de vrijwilligers.

UK <https://www.gov.uk/government/publications/covid-19-vaccination-care-home-and-healthcare-settings-posters/covid-19-vaccination-first-phase-priority-groups>

Priority Risk group

- 1 Residents in a care home for older adults and staff working in care homes for older adults
 - 2 All those 80 years of age and over and frontline health and social care workers
 - 3 All those 75 years of age and over
 - 4 All those 70 years of age and over and clinically extremely vulnerable individuals (not including pregnant women and those under 16 years of age)
 - 5 All those 65 years of age and over
- Etc.

Deutschland: <https://www.dw.com/en/covid-german-regulations-on-who-gets-vaccine-first/a-55987647>

GROUP 1 — HIGHEST PRIORITY:

1. Those over 80 years old.
2. Care workers who work in elderly people's homes or regularly look after the elderly or the mentally ill.
3. Health care workers with a high risk of exposure to COVID-19, especially those working in intensive care units, emergency rooms, and first responders.
4. Health care workers who primarily treat patients with a higher risk of dying from COVID-19.

USA:

The first priority group of 24 million Americans, designated as Phase 1a, began getting inoculated last week with the Pfizer-BioNTech vaccine. This category includes health care workers and residents and staff of nursing homes. Nearly 6 million doses of the Moderna vaccine, which received its emergency use authorization (EUA) from the U.S. Food and Drug Administration (FDA) on Dec. 18, have already begun to ship.

Vaccine Priority Groups

Phase 1a (24 million people):

Health care personnel
 Long-term care facility residents

Phase 1b (49 million people):

Frontline essential workers
 People 75 and older

Phase 1c (129 million people):

People ages 65-74
 People ages 16-64 with high-risk conditions
 Other essential workers

Phase 2:

People 16 and older not in Phase 1
