Beste [REDACTED]

Ja, dat klopt, de ondersteuning is niet meer nodig. We hebben de validatie studie gedaan met de Abbott antigen test die we hebben besteld via [REDACTED]

Groetjes,

Hi [REDACTED]

In het bijstandsverzoek van 22 december werd VWS gevraagd om ondersteuning bieden voor een validatiestudie van BD-testen. Uit de mail van [REDACTED] begrijp ik dat deze ondersteuning niet meer nodig is en is het bijstandsverzoek afgedaan. Of lees ik dat verkeerd?

Vriendelijke groet,

Hi [REDACTED]

Ik hoop dat alles goed met je gaat.

Zoals [REDACTED] misschien had aangegeven ben ik de verschillende bijstandsverzoeken (en hun status) in kaart gaan brengen. Toen kwam het bijstandsverzoek voor de antigen tests van afgelopen januari weer naar boven. Ik heb CPS gevraagd of zij nog een update hadden nav jouw email. Zie hieronder de reactie die ik net ontving.

Hebben jullie hiermee voldoende informatie of heb je nog specifiek iets nodig? Zo ja, is het misschien handig als RIVM en CPS even

direct met elkaar schakelen om enige uitstaande vragen te bespreken om het bijstandsverzoek af te ronden?

Vriendelijke groet,

Hi 5.1.2e

After completion of our antigen validation study, we have decided to only use antigen tests to test symptomatic people in our test street, as well as use them in outbreak settings i.e. to rapidly test all close contacts when there is a cluster in a school, workplace etc..

We are currently using the Abbot test, but if it is possible we would prefer the BD.

Best wishes,

5.1.2e

Hi 5.1.2e

I hope you are well and had a good weekend!

As you may remember we requested support via a bijstandsverzoek for antigen testing beginning of January. VWS asked us for a more concrete plan to support our request. Do you have any update since then, or did we decide it was not necessary anymore?

Kind regards,

5.1.2e

Dear 5.1.2e

I am forwarding you the reply from RIVM and VWS below to the bijstandsverzoek relating to the antigen tests.

Could you inform them of the information requested?

Kind regards,

5.1.2e

Beste 5.1.2e

We hebben het bijstandsverzoek van Sint Maarten voor BD-antigeentesten van 22 december 2020 in goede orde ontvangen en overlegd met onze collega's van het RIVM. Zij geven aan hier kritisch in te staan, en meer informatie nodig te hebben om het verzoek goed te kunnen beoordelen. Graag ontvangen wij meer details over de inrichting van de studie, waarin wordt meegenomen op welke groepen de testen gevalideerd zullen worden, hoeveel patiënten nodig zullen zijn voor de validatie, hoe zij verzameld zullen worden, wat de tijdlijn is, etc..

Ter aanvulling: de BD-antigeentest is in Europees Nederland al gevalideerd op groepen met een verhoogd risico. Om die reden acht het RIVM het overbodig om de testen opnieuw te valideren op deze populatie.

Met vriendelijke groet,

5.1.2e
