Dear [REDACTED]

Please find attached the contact lists. I need to explain what is on the multiple sheets, as we have multiple types of contacts that need to be included. We do not expect all laboratories to take part in the work, however, we might need to explain in the invite list the restrictions for the number to be included. If we would be unlucky and not have enough interest through these contacts, we have still a larger list of seroepi contact points in Europe that we can reach out.

In the Excel list you will find the following:

#### **ECDC official nominations**

- List of **Operational Contact Points** for COVID-19 Microbiology
- List of **National Focal Points** for Viral Respiratory Diseases (for MS without OCP nominations; n=3), for countries, who have not nominated COVID-19 microbiology focal point
- List of **National Coordinators** (for MS without OCP or NFP nomination; n=1), for country, who has not nominated COVID-19 microbiology focal point nor NFP for Viral Respiratory diseases

#### **Seroepi contact points nominated separately to ECDC**

- SeroEpi 2 – List of EU/EEA designated experts to ECDC
- Some of these might be duplicates of the ECDC official nominations
- For this list it is not possible for me to filter out "lab" contacts from "epi" contacts in this list.
  - Please consider still to include these in the invite but to specify in it that the project is only valid for laboratories. Perhaps this is an obvious point, but it would be good to apologize for spamming the other contacts.

Please note that I have indicated in red colour duplicate institute names, so you should count those institutes only once.

Our Data Protection Officer has asked to include a disclaimer that we are sharing these data for the sole purpose of efficiently conducting the project. Please do not use the data for any other purposes.

We will send out the invite but ECDC should be in copy of the e-mails with the Member States also for further

correspondence.

Please let me know if any of this is unclear or we should discuss further.

Kind regards,

5.1.2e

Dear 5.1.2e

I am putting together a new more updated list. I am waiting for some clarifications.  
 Meanwhile, please share the excel file that 5.1.2e had shared with you previously. I can cross check.

Dear 5.1.2e

I had previously received an excel list from Eeva with contacts. Should I not use this one anymore then?

I could forward you the email, if this would be helpful?

Best wishes,

Hi,

Thanks! Please find updated version.

Two issues

- a. The contract says that we send out the invitations while ecdc provides the contact list. Of course ECDC is in cc
- b. We do not wish to put the PHE e-mail in the request for reply. One address ensures that everyone is accounted for on the same list. Of course we can provide you with a wekkly overview of that list. Just straight from our computer.

Ok? If so we can send it out \*

Dear 5.1.2e

Please find attached the file with comments and some suggestions.

According to the contract signed, it is mentioned that ECDC will provide you with a contact list, to whom RIVM should send the invitations for expression of interest to any or all of the services mentioned.

I will start preparing the list and share it with you.

Let me know if you have additional comments.

Kind regards

Dear 5.1.2e

Please find attached our proposal for the invitation. There are some remarks for you before we can finalize. It would be good to have it out tomorrow. You can also contact me anytime by what's app if we need to discuss the final issues.

One more thing: as the recent amendment is not official yet we figured that we cannot mention this yet. Can you confirm? Otherwise we could add a point d) already.

Best wishes also on behalf of 5.1.2e
