

Any other business – Task Force for Industrial Scale-up of COVID-19 vaccines*Information from the Commission*

Ministers will find attached a letter from Commissioner Breton from 23 February 2021, on the Commission efforts to scale-up COVID-19 vaccine production.

The letter presents the new Task Force for Industrial Scale-up of COVID-19 vaccines, created to detect and help respond to issues in real-time. It provides initial elements regarding the role and objectives of the Task Force. Further, the letter sets out questions to support and inform our work ahead.

Member States are invited to answer the questions raised in the letter in written by the end of this week / beginning of next week. Replies can be sent at the following Commission address:
