Urgentie: Hoog

Hallo [redacted]

Wat vind jij van deze mail? Ik dacht eerst dat het een nep-mail was: ik kan mij niet voorstellen dat de Roemeense ambassade een mailadres heeft van xs4all, maar dat klopt wel. Ik heb eerder contact met deze persoon gehad nav een brief die wij hadden ontvangen van de Roemeense ambassade. Maar mag ik dit verzoek verder aan jou overdragen?

Met vriendelijke groet,

[redacted]
