Hallo 5.1.2e

Ik heb nog geen reactie ontvangen van GMT.

Het is hier vandaag verder een beetje ontploft, dus ik denk niet dat er nog een reactie komt.

Zonder tegenbericht houden we het op 250.000 stuks.

Groeten 5.1.2e

### *SENSITIVE\*: Limited Joint Procurement of medical countermeasures*

Dear Joint Procurement Agreement Steering Committee,  
 Dear Specific Procurement Procedure Steering Committee,

Following the launch of a call for tenders for the supply of personal protective equipment for healthcare workers for the care of patients with suspected or confirmed novel coronavirus, a notice has been published in the Supplement of the Official Journal today ([2020/S 051-119976](#)) informing that no tenders were received for Lot 1 (eye protection) and Lot 2 (respiratory protection). Consequently, we are preparing to rapidly relaunch a call for tenders for the commodities under Lot 1 and and 2.

As already discussed with the Specific Procurement Procedure Steering Committee, the participating countries may revise their needs and countries wishing to join, may join for the following types of commodities:

1. Goggles/visors
2. Face shields

- 3. FFP2 respirators
- 4. FFP3 respirators
- 5. Surgical masks

Only if not yet done, please submit your needs for the above mentioned types of commodities using the enclosed form by **today 14h CET**. If there is no change in the needs that you have already submitted, we will take those into account.

We acknowledge that the delays in which your reaction has been required were shorter than the 14 calendar days provided for in the Joint Procurement Agreement, yet, that was paramount in order advance swiftly. We appreciate that most countries could adjust to such derogation and apologize for any inconvenience in cases when we could not accommodate some requests, which came-in after the deadline.

Kind regards,  
*The Joint Procurement Agreement Team*
