Dag [redacted] 5.1.2e

Zie ook onder. Een aanbod van een contact uit China om mogelijk beschermende materialen te kunnen laten leveren. Is dit wat jou betreft iets om achteraan te gaan? Zo ja, zal ik het betreffende contact dan laten weten dat iemand vanuit het departement contact opneemt?

Groet,

[redacted] 5.1.2e

Hoi [redacted] 5.1.2e

Onderstaande mail kregen we van de tussenpersoon die in 2018 de Chinese delegatie begeleidde. Is dit iets waar we als OT of richting VWS iets mee kunnen?
 Groeten, [redacted] 5.1.2e

 Onderwerp: medical staffs (masks, overalls, detection kit)

Hi all,

In 2018, we facilitated a talk between IGJ and a delegation from CFDA. And hope there is continuations of cooperation between the two important organization in the Netherlands and China.

It is unfortunately that the COVID-19 outbreak globally and we are all in the situation. I learnt that the medical staffs like masks, overalls and detection kits are running low in the Netherlands. I have contacted some regional governments in China to see if they could supply the staffs to Europe. Some factories are allowed to supply to European requests, including staffs:

Surgical masks, type 2, EN14683; Protective masks, ffp2, ffp3; Detection kit Fluorescence, CE certificate; Fast Detection kit Antibody, CE certificate; Protective Overalls.

I am not sure you are the right department to discuss about it or you can connect me to the right department. Hope we could fight the virus together. And most important, take care!

Met vriendelijke groet / with kind regards,

5.1.2e
