Hope everything is going well with you, even at this moment is very busy to all of us due to Covid19

I just wanted to share with you the possibility of getting some masks directly from China, even though you mentioned to me about the complexity but perhaps you could considered in case of need.

The prices will be discussed depending on the amount but they begin [REDACTED] per unit, up to 100.000.

Hope it is of your interest.

Dear [REDACTED] we are certainly interested!

One question. Are these medically certified products? Do you have prices?
