Mr. De Jonge,

I hope this message finds you well. I am a distributor out of the US who has some of the much needed 3M masks to help fight the COVID-19 Virus. I had been working with a broker in Amsterdam who was stating that he was procuring product for your department. We were at the last phase of the process when they could not provide documentation as to where the product was going. They would not disclose any information and just kept telling us "it is the government they have money". With this being said, I am taking a shot in the dark and reaching out to you to see if there is a need. I have [5.1.2i] units on the Netherlands right now available for you to purchase at a cost of [5.1.1c] that can be picked up as early as Monday!

Please let me know if you are interested.
