Dear MR, Mrs,

lam 5.1.2e 5.1.2e between the set of the Corona Set of the Corona Virus spread crisis in the Netherlands.

Is the health sector in the Netherlands ready in the event of a scenario in ^{5.1.2a} and 5.1.2a? What are the necessary preparations in the health sector?

Is there a shortage of medical masks and realistic clothing for the medical team, and how do you work to secure it? Are there enough medical staff in the Netherlands? And if there is a shortage, how does the Netherlands make up for this shortfall?

Looking forward to your reply,

Kind Regards 5.1.2e
