Dag collega's

Wat mij opvalt is dat veel chirurgisch mondneusmaskers (medical masks) worden gebruikt, behalve zorgpersoneel, behalve als het gaat om echt affected ships en aircrafts.  
 Ik ga er van uit dat er meer chirurgisch mondneusmaskers zijn dan FFP-versies, en zou bij Points-of-Entry ook sterk naar willen adviseren om geen maskers te gebruiken die de zorg nodig heeft.

Groet,

Ha collega's, zie onderstaand.  
 Ground crossings niet zo heel relevant, maar PPE wel handig, vandaar dat ik 5.1.2e [redacted] mee cc..
