Date 18 March 2020  
Subject COVID-19 Products for Dutch Ministry of Health during  
the periode of 18 March 2020 until 31 March 2020

Dear Sir/Madam,

The enclosed shipment is required for urgent delivery to the Dutch Ministry of Health in relation to the COVID-19 outbreak. Due to nation-wide supply issues of safety equipment, there is a shortage of supplies for hospitals and public health institutions.

This shipment contains protective safety masks intended for use by primary care workers and are essential for the needs of public safety.

We ask you to handle this with the highest priority to ensure that they can be delivered in time.

Your support in this matter is highly appreciated.

Yours sincerely,
