To: <5.1.2e@gmail.com>

Dear 5.1.2e

Hello, again. Here we attach the complete information related to Face Mask. There are two options Company A (Shenzhen) and Company B (Shangdong). To make more precise, we attach you the following table.

Concept	Company A	Company B
Production capability	5.1.1c per day	5.1.1c per day
Aerial transport (Production time + Transportation time)	14 days (depending on flight situation)	14 days (depending on flight situation)
DHL/EMS (Production time + Transportation time)	Around 10 days (depending on the situation)	Around 10 days (depending on the situation)

If we adopt the aerial transport, the price will be 5.1.1c, CIF Amsterdam, and it will take 14 days (depending on the situation) to arrive. Hence, we suggest you use DHL or EMS. It will reduce the time of transportation. It will be around 10 days (depending on the situation). However, there is a fluctuation of the price. The price is 5.1.1c (the tax is not included).

If you buy the product through a Holland company, you needn't pay the 21% tax. If you use a Spanish company to buy these products, you need to pay the 21% tax. Hence the price will be 5.1.1c tax = 5.1.1c

Related to the price, there is a 20% increase daily. Due to the close relationships with these two producers, they keep me the same price. As you know, there is a high demand worldwide. Therefore, they cannot keep the same price anymore. We hope you can make a quick decision.

We are looking forward to hearing from you asap.

Best regards,

China Health & Wellness
